Dear Mr. Boing:

EPA I.D. # MOD006299200

As you know, the Environmental Protection Agency (EPA) has been processing your request for termination of interim status. Our intent to terminate interim status and approve your closure plan has been public noticed and no comments were received. Due to the November 8, 1984, Resource Conservation and Recovery Act (RCRA) amendments, it is necessary for us to ask for additional information prior to granting the final termination of interim status. Our questions are in regard to release of hazardous waste or hazardous waste constituents from any solid waste management unit, regardless of when the waste was placed in the unit, or whether the unit is closed.

In order to take final action on your request, please advise us whether there may have been hazardous waste or hazardous waste constituents released from the unit, by answering the questions on the attached information sheet. You may provide your answers by circling appropriate items and writing in additional information where appropriate, or by preparing a separate letter of explanation. In either case, a company officer with personal knowledge of the answers should sign the response.

Your response should be submitted within 30 days of receipt of this letter and should be directed to:

Michael J. Sanderson
Chief, RCRA Branch
Environmental Protection Agency
726 Minnesota Avenue
Kansas City, Kansas 66101

This information is requested under the authority of RCRA (42 U.S.C. §6927). Failure to comply with this request may lead to further action under the authority of Section 3008 of RCRA (42 U.S.C. §6928).
